Ontario's Property Assessment System

There are four main components in Ontario's property assessment and taxation system. Each plays an important role.

The Provincial Government passes legislation, sets property tax policies and sets education tax rates.

The Municipal Property Assessment Corporation (MPAC) establishes current value assessments and classifications for all properties in Ontario.

Municipalities determine their revenue requirements, set municipal tax rates and collect property taxes.

The Assessment Review Board, an independent tribunal that is part of the Environment and Land Tribunals Ontario cluster which reports to the Ontario Ministry of the Attorney General, hears assessment appeals from property taxpayers.

About MPAC

Over 1,700 employees across the province

Oversight provided by the Ministry of Finance

Not-for-profit non-share capital corporation

15-member Board of Directors made up of municipal, provincial and taxpayer representatives, appointed by the Ministry of Finance

About MPAC

About MPAC

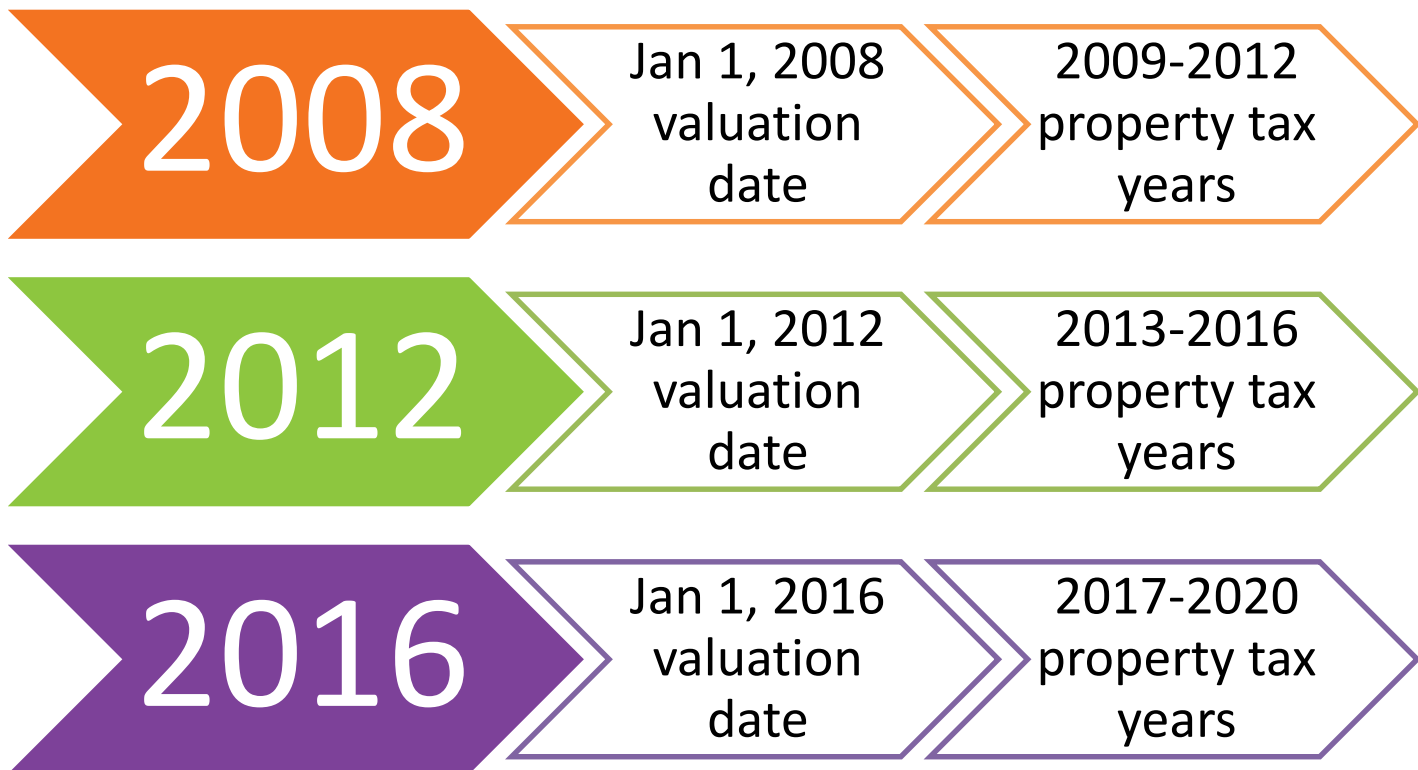

2013 Annual Report

Ontario's Assessment Cycle

The chart below shows each year that MPAC has delivered a province-wide assessment update. Each legislated valuation date and the applicable tax years are also shown.

The four-year cycle and phase-in program was introduced in 2008.

Phase-in Example

Under the *Assessment Act*, assessment increases are phased-in over four years for all property types.
A decrease in assessment is applied immediately.

Property Classification			Residential
Your property's value on January 1, 2012			\$250,000
Your property's value on January 1, 2008			\$220,000
Over this four-year period, your property value changed by			\$ 30,000
<i>Assuming property characteristics stay the same, the property assessment will increase by \$7,500 each year.</i>			
2013	2014	2015	2016
\$227,500	\$235,000	\$242,500	\$250,000

Property Assessment and Property Taxes

MPAC assesses all properties in Ontario every four years

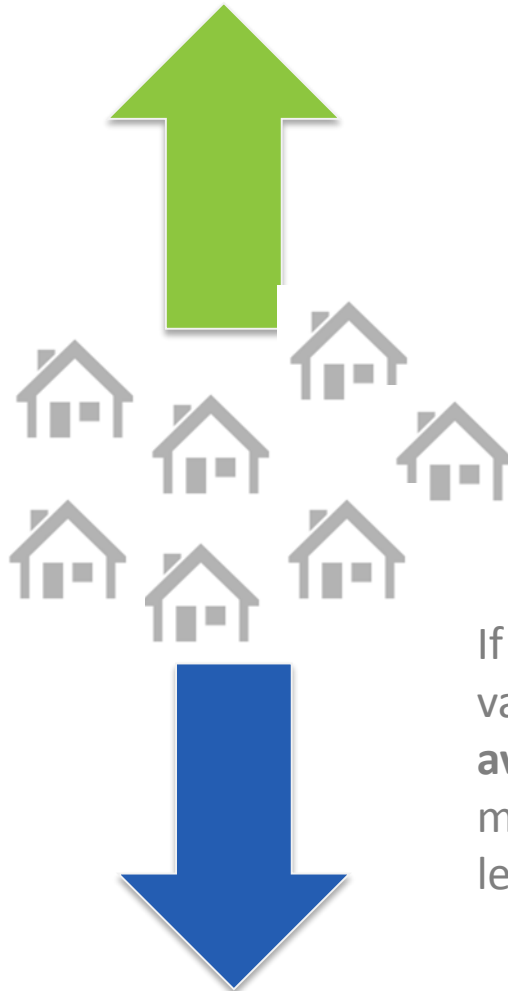

To establish assessed value, MPAC reviews sales of **comparable properties** in the neighbourhood

Municipalities use the assessment base to calculate **property taxes** to pay for local programs and services

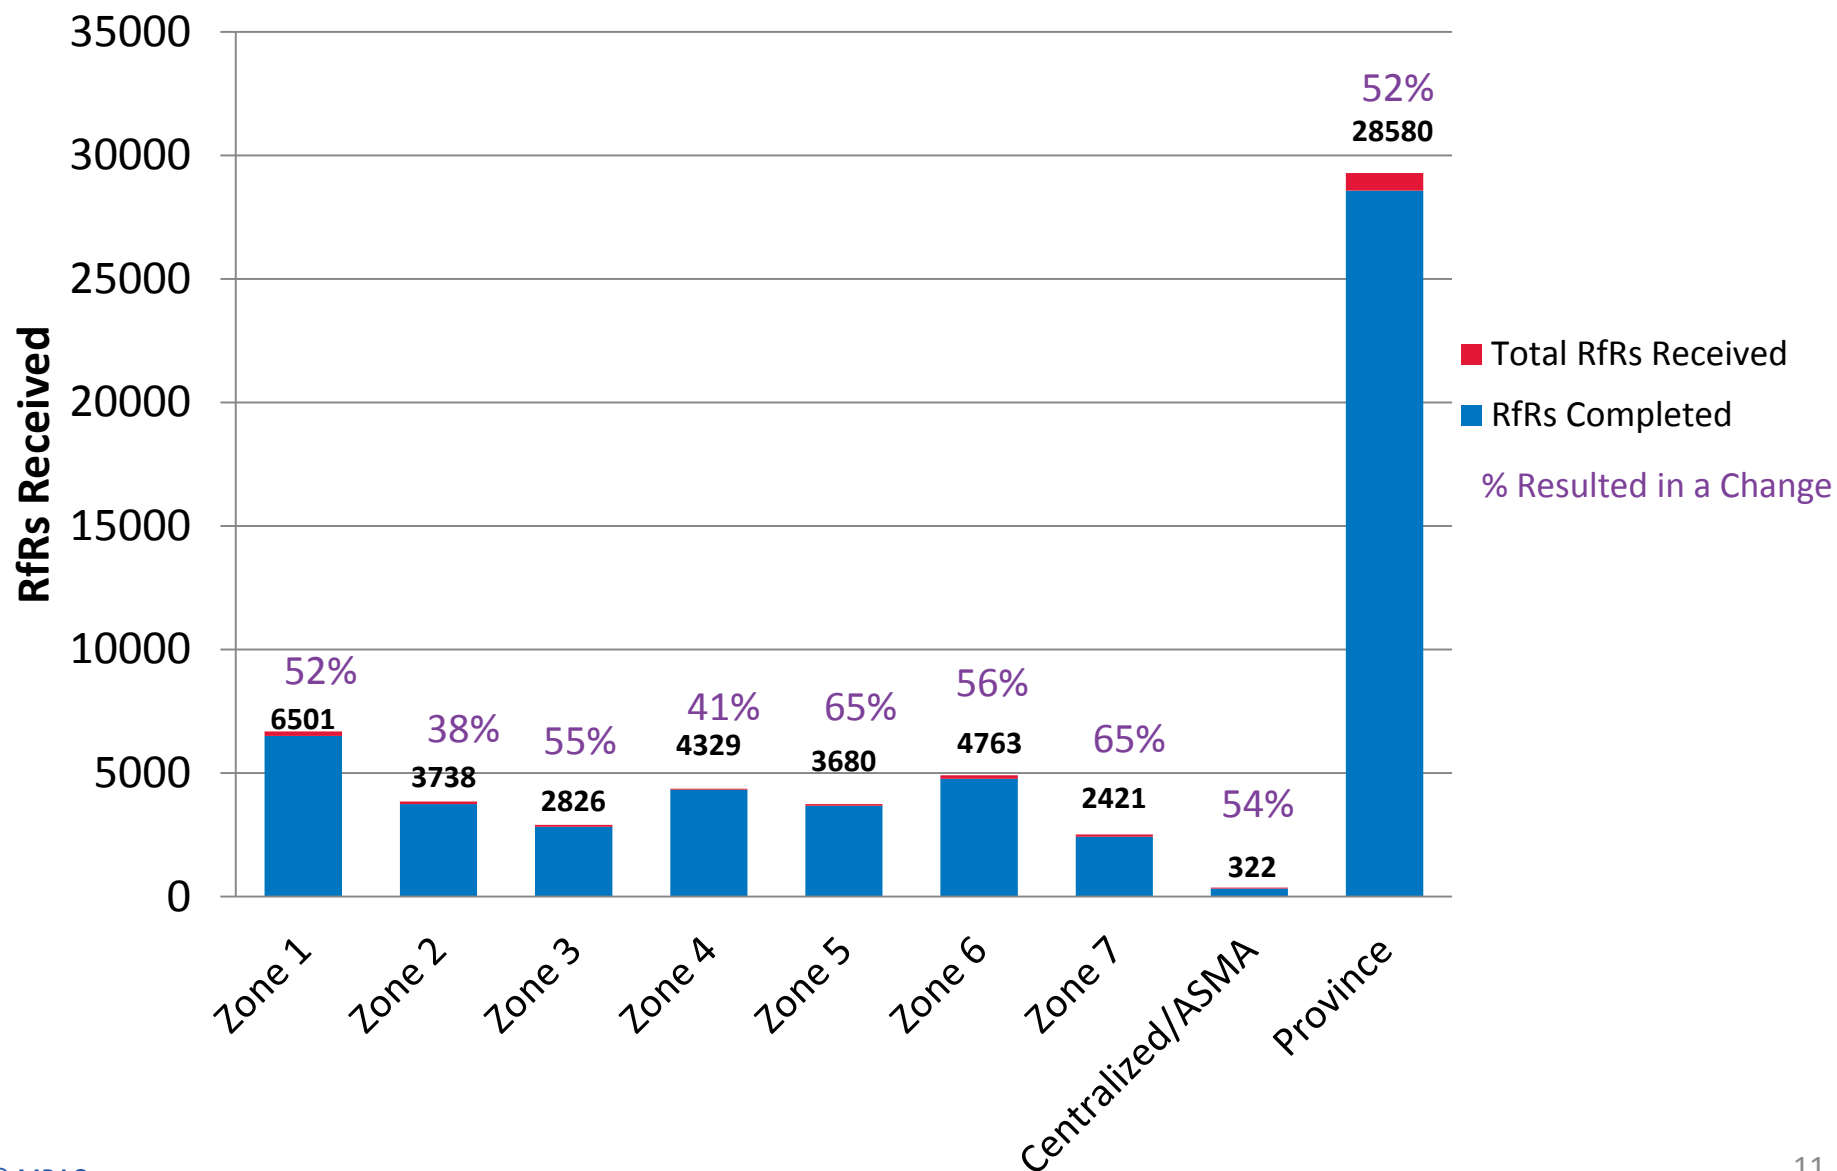

An increase in assessment **does not** necessarily mean an increase in property taxes.

If the assessed value of a home has increased **more** than the **average** for the local community/region, taxpayers may pay, as the result of the reassessment, proportionately more in property taxes.

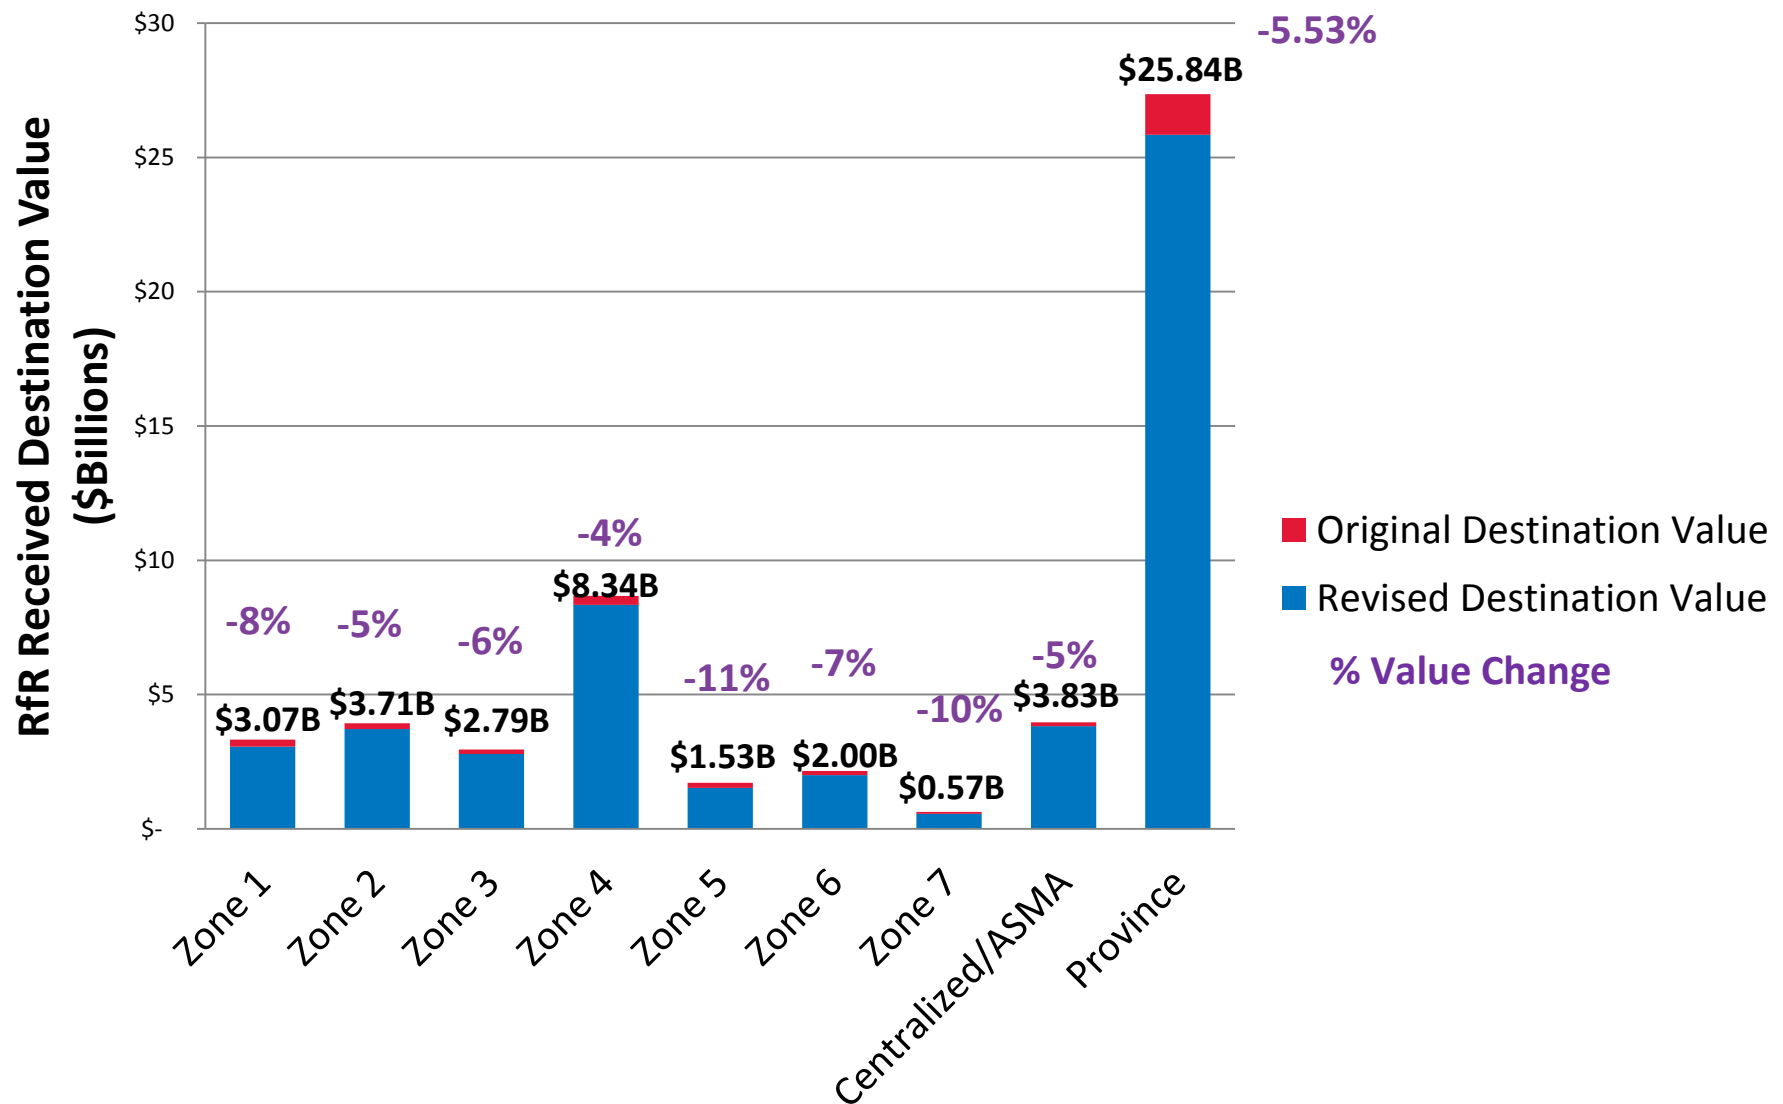

If a home has increased in value **less** than the **average**, then taxpayers may pay proportionately less in property taxes.

Requests for Reconsideration (RfR)

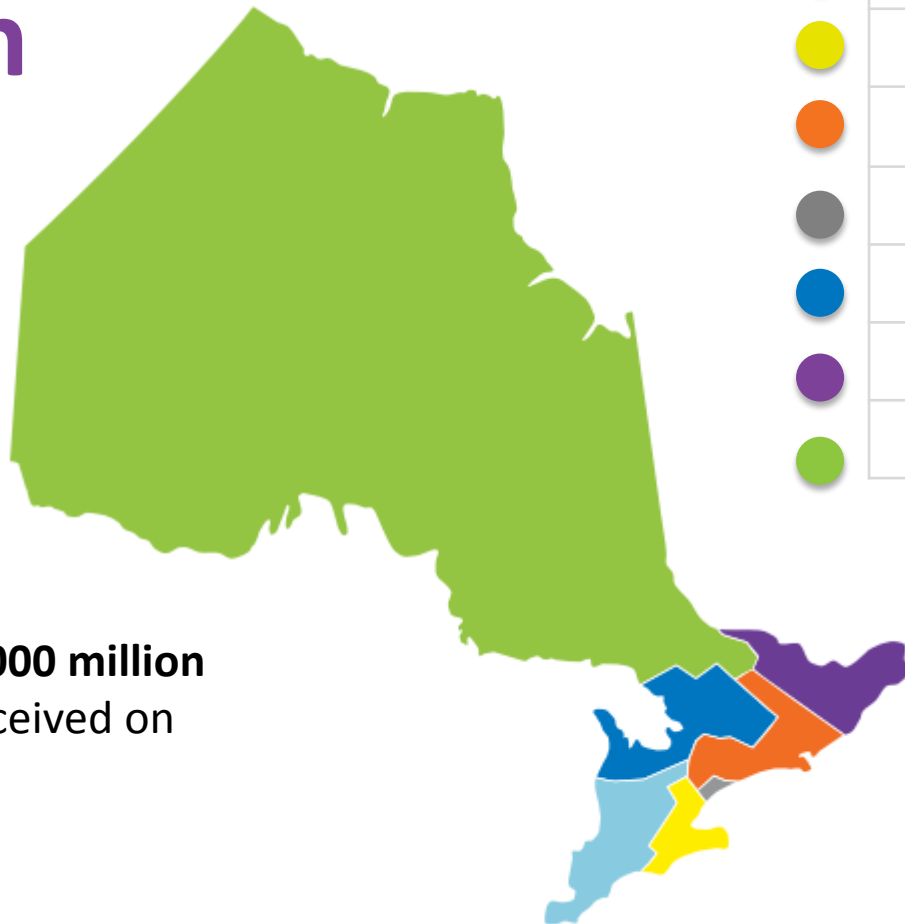

Requests for Reconsideration (RfR)

Assessment Growth by Zone

Total Growth YTD
(as of November 12, 2014)

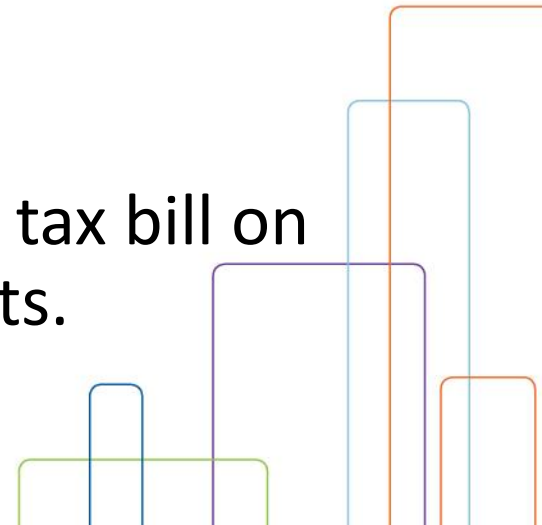

\$27.4 Billion

1% of 27.4 billion → \$270,000,000 million
in revenue for municipalities, received on
an ongoing basis.

Supplementary and Omitted Assessments

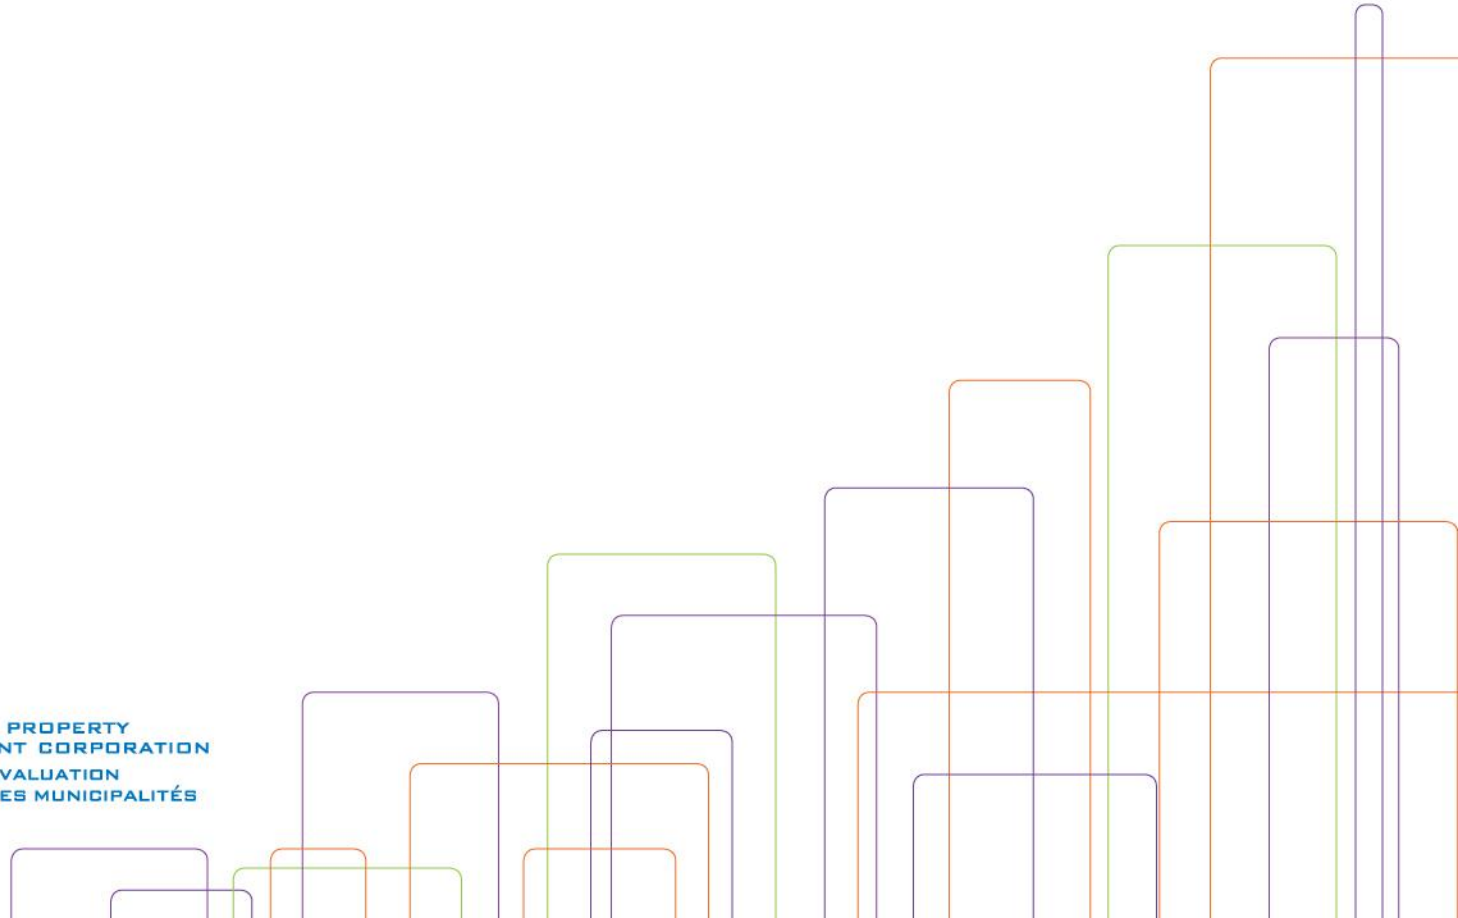

- If the additional assessment meets minimum threshold ($>\$10,000$ or 5% of current assessment) a **Property Assessment Change Notice** is mailed to property owner.
- If the additional assessment is under minimum threshold, change will be updated for year end and property owner will receive **Property Assessment Notice** at year end.
- Municipalities will issue supplementary tax bill on supplementary and omitted assessments.

How we assess properties

Current Value

Most probable price a property should sell for in a competitive and open market.

MPAC derives a median sale price which will incorporate the range of market sales

Sale Price

Price a buyer and seller agree to in a particular transaction.

Only an **indication** of market value.

Range of sale prices possible for a particular property

Direct Comparison Approach

Recognized as the preferred methodology to value residential properties

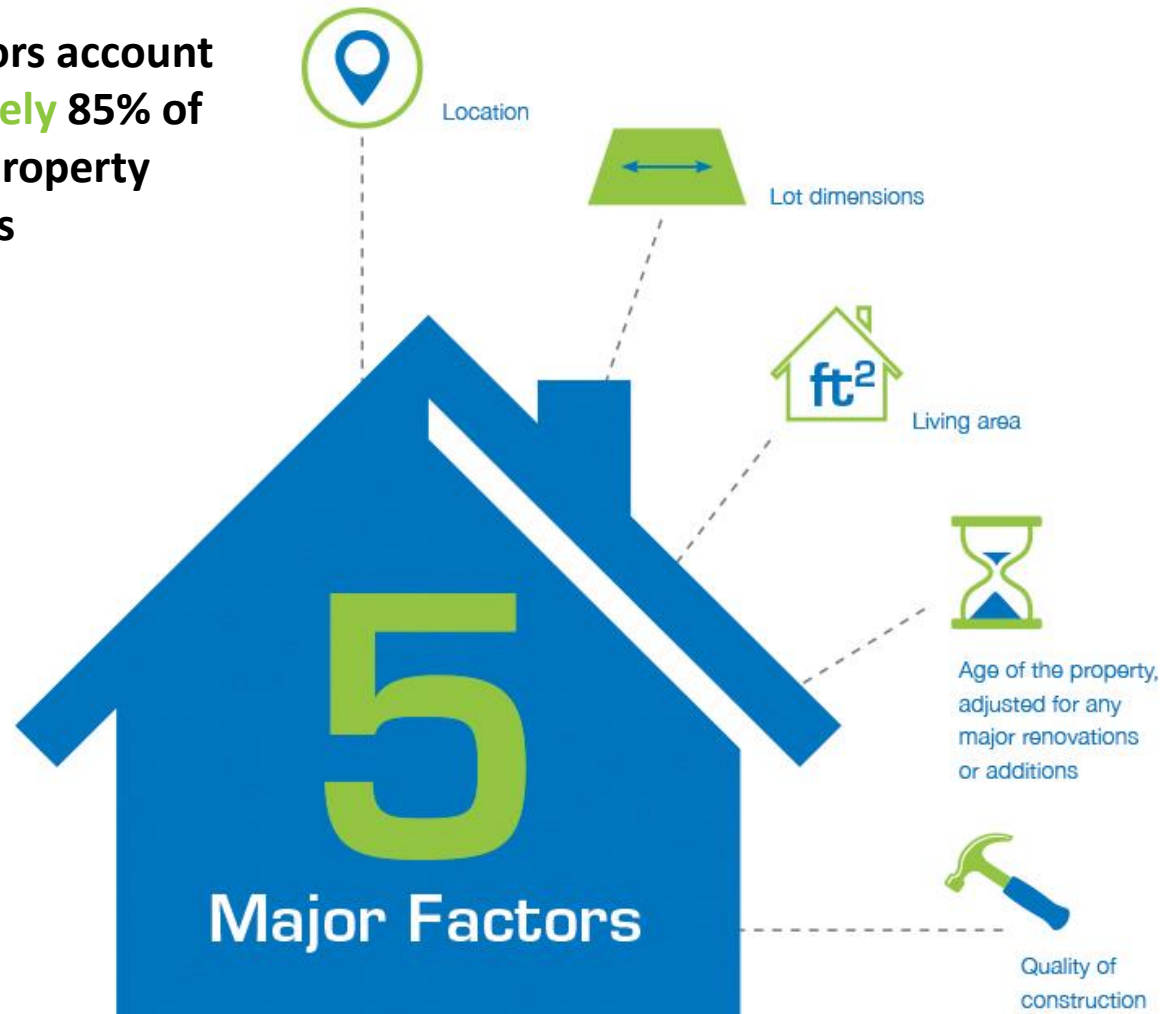

Based on the sale prices of comparable properties

Adjustments made for differences between the subject and comparables

Establishing Residential Values

Five major factors account for **approximately** 85% of residential property values

Income Approach

Estimate total annual operating expense

Calculate net operating income

Convert net income into an indication of the capital value of the property

Estimate annual gross income of the property less vacancies and bad debts

Select an appropriate capitalization rate

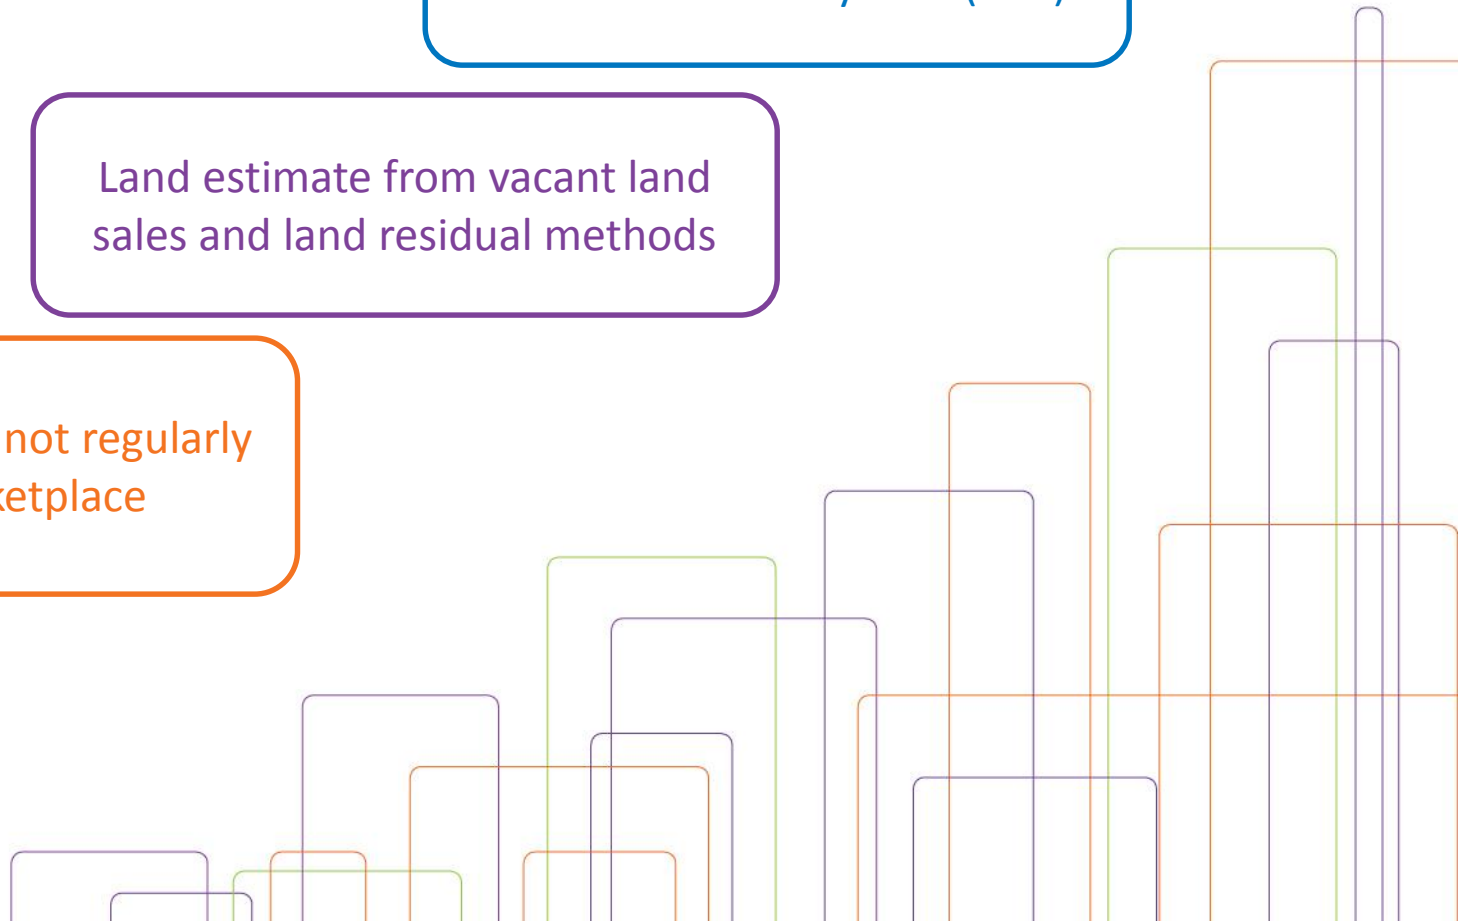

Cost Approach

Replacement cost of the improvement less depreciation plus the land value

Values calculated by an Automated Cost System (ACS)

Land estimate from vacant land sales and land residual methods

Properties that do not regularly trade in marketplace

This Property Assessment Notice is not a property tax bill.
The assessed value of your property is used as the basis for calculating your property taxes. MPAC's role is to accurately value and classify properties in Ontario. Your municipality/local taxing authority is responsible for setting property tax rates. An assessment increase does not necessarily mean your property taxes will increase. For questions about your property taxes, contact your municipality/local taxing authority. To learn how MPAC assesses properties or for details about the Reconsideration and Appeal processes, see the enclosed insert. The deadline to file a Request for Reconsideration with MPAC for the 2013 tax year is April 1, 2013. For the tax years 2014–2016, the deadline for filing is March 31 of the tax year. Please keep a copy of this Notice for your records.

4

a) **Request for Reconsideration (RfR)**

If you feel your assessed value and/or classification is not correct, we will review it **free of charge**.

You may file a **RfR** through:

- aboutmyproperty.ca
- RfR form – available at www.mpac.ca
- Write a letter requesting a reconsideration

*March 31st deadline

b) **File an Appeal with the Assessment Review Board**

Request for Reconsideration (RfR)

- Changes in value or classification from a RfR review are confirmed in Minutes of Settlement (MoS) mailed to the property owner or their representative
- Upon receipt, the property owner can either:
 - a) Sign the MoS and return to MPAC for the processing of the change(s); or
 - b) File an Appeal with the Assessment Review Board (ARB) within 90 days.

Appeals

- At an ARB hearing, the onus is on MPAC to prove the accuracy of the assessed value
- MPAC will present comparable properties as evidence
- The property taxpayer will present evidence in support of their position
